**RADIO IS THE MOST INTIMATE
AND SOCIALLY PERSONAL MEDIUM
IN THE WORLD.**

RADIO ADVERTISING

Radio is STILL one of the best advertising mediums and yields a pretty incredible ROI. A study by Neilson showed brands averaged a sales lift of more than \$6 for every \$1 spent on radio ads. One retail brand delivered an almost unheard of \$23.21 in sales lift for every \$1 invested!

When you think about how vast radio's reach is, and how easy it is to find any brand online, it makes complete sense. At any given time of the day, 20% of people surfing the internet are also listening to the radio at the same time, meaning you are only ONE click away from a potential sale.

BILLBOARD ANALYSIS

ADVERTISING FACT:

"Make it simple. Make it memorable.
Make it inviting to look at. Make it fun
to read." - Leo Burnett

BILLBOARD ADVERTISING

Perhaps one of the oldest forms of advertising around, Billboards are **STILL** extremely effective for businesses! A well-placed billboard reminds people that you exist, and directs new foot-traffic right to your business!

Billboard ads can be a great investment as long as you're smart about how you use them. Due to their size, billboards are hard to ignore. People of all ages, gender, and races will be exposed to your billboard and is one of the most cost-effective forms of advertising for local businesses.

DEMOGRAPHICS & SEGMENTATION

When it comes to social media marketing for your business, it is extremely important to be intentional about the platforms you are spending your time on.

MARKET INFLUENCE

While it is helpful to have a presence on more than one platform, you also want to make sure that you are being strategic about your efforts to get the most out of you marketing.

BARRIERS TO ENTRY

Think about whom you want to connect with, and consider what platform they are likely to utilize most.

HOW IT'S DONE... MOBILE DATA

COLLECT USER DATA.

Ninety-six percent of African Americans own a smartphone, and those aged 35+ surpass the total population in their age group by 2% for smartphone ownership.

CONNECT THROUGH ADS.

African Americans are avid media consumers—across multiple media channels—which gives advertisers ample opportunities to connect with them.

THE POWER OF AFRICAN AMERICAN DOLLARS

African Americans make up 23% of the total market for U.S. cellular sales, while only accounting for 14% of the overall population.
